Nr 3 March 2012 Year 1

VODA (Vega One Design Association) is the international umbrella for seven national organizations as mentioned above. Members are Albin Vega owners, the Swedish fiberglass 27 foot sailing cabin-cruiser designed by late Per Brohäll (picture shown at top). The longkeeled sea-going yachts, some 3400 in number, were serial-constructed during the '60ties and '70ties in Sweden. Presently the VODA executive committee is formed by (l) Walther Nerving (Denmark), President and (r) Rob Kloosterman (The Netherlands), Secretary/treasurer. This moment VODA represents over 1.000 Albin Vega owners in Europe and North America. Please check the clubnames above for their websites.

A unique international Vega regatta happening

Recently we received the latest news from Dansk Vegaklub, this year's IFR organization:

"All is going according to plan and we look forward to welcome you at Hundested. This moment 38 Vega-skipperers have registered. When adding their crews this means some hundred participants will attend this unique international Vega happening.

Sweden, The Netherlands, Great-Britain, Denmark, Germany. They come from all over Europe. Hopefully still some Norwegians and North Americans decide to join. Music has been arranged and cooks are sharpening their knives. We expect fine weather and fair winds for exciting races.

Also our first class beaches and fish restaurants can be enjoyed, not to forget the local "Vodbinder" beer."

Greetings from Ingolf Pedersen, Vega 2374.
